Centurion  
0163  
South Africa

**TRUSTED DISTRIBUTOR**

**WE SUPPLY A BROAD RANGE OF PRODUCTS  
FROM LEADING MANUFACTURERS**

**A distributor's role is to be an extension  
of the vendor itself by providing  
specialist product knowledge,  
support infrastructure  
and logistical expertise.**

## Introduction to Emisha Engineering and Supply

Emisha Engineering and Supply Pty (Ltd) is an equal opportunity industrial automation, process control, telecommunication, electronic and electrical distributor which supplies quality products and services to the engineering industry. Since its inception, Emisha Engineering and Supply Pty (Ltd) has rapidly expanded to become the leading supplier and authorised distributor in most African countries.

We at Emisha Engineering and Supply Pty(Ltd) value your business as loyal customer over the years. With our business focuses on first class customer service therefore our aim ultimately is to partner with you in improving your productivity and service levels to your customers. We are proud to have achieved the market share we hold through the excellence of our team, the quality of our products and most importantly, providing our customers with fast, cost friendly and efficient service.

We have built our reputation by supplying only quality products from top manufacturers (**ABB, Rockwell, Siemens, Mitsubishi, Emerson, Schneider, Yokogawa, Danaher, Siemens, Eaton, Adroit, etc...**)

Emisha Engineering and Supply partners with leading technology brands from around the world in order to provide our clients with complete Industrial Control & Automation products.

Having built a highly knowledgeable technical sales and support team we have positioned ourselves to provide clients with expert advice & support from our branch in Johannesburg.

*We remain motivated by attracting, training and retaining highly motivated team members who embrace challenges and thrive in culture of innovation, we believe that we will continue to better serve our clients whilst outperforming our competitors.*

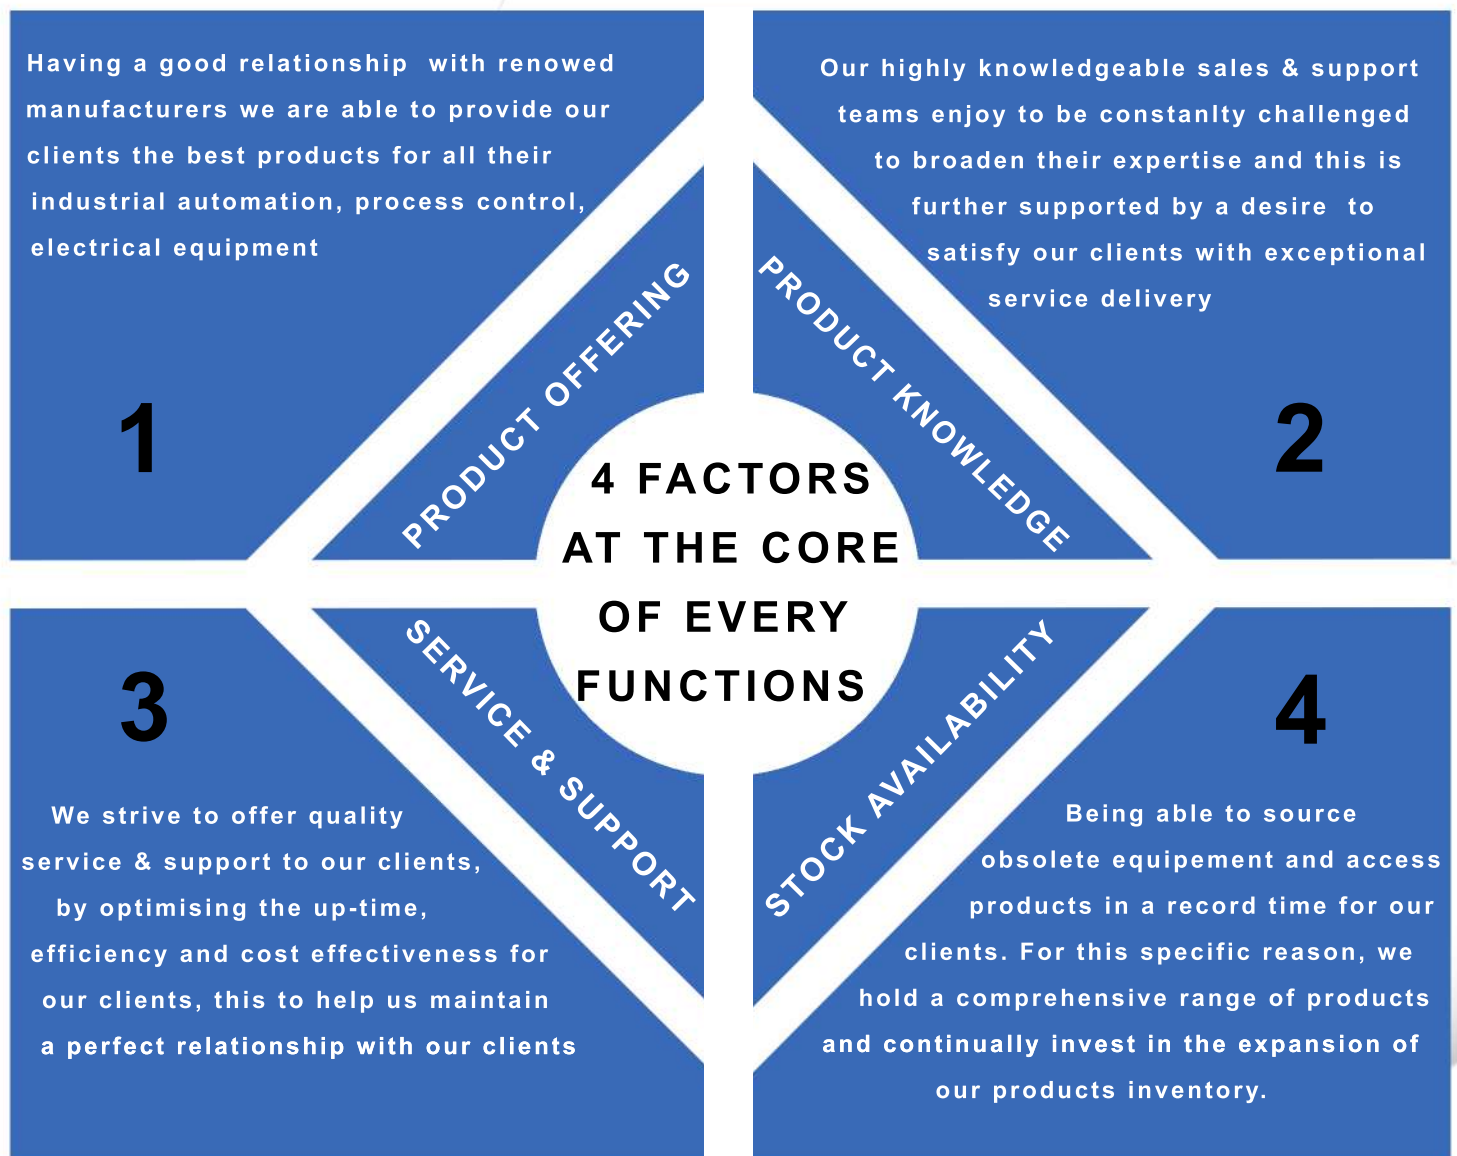

*In our philosophy we believe that our employees our single greatest competitive advantage*

# HOW WE SATISFY OUR CLIENTS

At Emisha Engineering and Supply Pty (Ltd) we always challenge ourselves to offer our clients the best and fast services, because our clients needs come first we make sure that the bellow four factors are the core of every functions.

We value our customers therefore we get satisfy only when a client is happy .

***“ it takes months to find a customer and only seconds to lose one.”***

## WE SUPPLY A WIDE RANGE OF INDUSTRIAL AUTOMATION, CONTROL & ELECTRICAL EQUIPMENT

### AUTOMATION

- Industrial PCs & Monitors
- Machine Automation Controllers
- Programmable Logic Controller (PLC)
- Remote I/O
- Human Machine Interface (HMI)
- Telemetry and Remote SCADA systems
- Manufacturing Execution System (MES)

### MOTION & DRIVES

- Motor Circuit Breakers
- Contactors and Overloads
- Soft Starters
- Variable Speed Drives
- Enclosed Motor Starters
- Frequency Inverters

### INSTRUMENTATION

- Temperature
- Pressure
- Analytical Devices
- Instrumentation Cables
- Flow
- Level
- Signal Conditioners
- Weighing

## FIBRE & INDUSTRIAL NETWORK

- EtherNet/IP, ControlNet & DeviceNet
- Managed and Unmanaged Switches
- Linking Technologies
- Single-Mode Fibres
- Multi-Mode Fibres
- Fiber Connectors/Adapters
- Pigtails
- Interfacility Cables
- Fibre Optic Cables

## MACHINE SAFETY

- Safety PLCs
- Emergency Stop and Control Devices
- Safety Limit Switches
- Safety Door Switches
- Safety Outputs
- Safety Sensors
- Safety Relays
- Connectivity Solutions
- Interlock Switches

## SENSING

- Photoelectric Sensors
- Proximity Sensors
- Mark and Colour Sensors
- Rotary Encoders
- Industrial Vision
- Inclination and Acceleration Sensors
- Positioning Systems
- Identification Systems

## ESSENTIAL COMPONENTS

**Push Buttons & Signalling**  
**Relays & Timers**  
**Terminal Blocks**  
**Timers & Counters**  
**Intelligent Relays**

## POWER

**Circuit Isolators**  
**Moulded Case Circuit Breakers**  
**Miniature Circuit Breakers**  
**Power Supplies**  
**Industrial UPS**  
**Power Monitors & Energy Monitoring Software**  
**Protection Relays**

## ENCLOSURES & CLIMATE CONTROL

**Enclosure Systems**  
**Small & Compact Enclosures**  
**IT Enclosures**  
**Cooling Units**

# A DIVERSE RANGE OF CUSTOMERS AND INDUSTRIES

WE STRONGLY BELIEVE THAT UNDERSTANDING EACH CUSTOMER'S UNIQUE REQUIREMENTS, WHILE PRESENTING INDUSTRY SPECIFIC KNOW-HOW, IS CRITICAL TO PROVIDING TAILORED FUNCTIONAL SOLUTIONS

**ENERGY**

**FOOD & BEVERAGE**

**CHEMICAL**

**MATERIAL HANDLING**

**MARINE**

**MINING**

**WATER & WASTE WATER**

**AUTOMOTIVE**

**OIL & GAS**

**PULP & PAPER**

**SOLAR**

**AERONAUTIC**
